1.2 Policy Objective

AFLQ supports the accepted premise of Australian Football around the country, being that competitive balance is vital to the health & strength of its Competitions.

Balanced competitions lead to increased interest and engagement from communities and hence assists Clubs in their efforts to maintain a healthy & viable club environment. This provides supporters, volunteers and all other stakeholders to present on match day with the knowledge that the outcome of the match is uncertain – this being a great motivator.

The objectives of this Policy are to:

- primarily support the balance/equalization of the AFL Capricornia Senior Grade Competition;
- provide a measure to assist AFL Capricornia Clubs in establishing a competitive playing list;
- maintain the integrity of the AFL Capricornia Senior Grade Competition within the football ecosystem; and
- reward club development programs and player loyalty.

This Policy sets out:

- the framework for how the system works;
- the responsibilities of AFL Capricornia Clubs and AFLQ with respect to its implementation;
- the detail in relation to how a player's Player Points Allocation (**PPA**) is calculated; and
- the directions for how reviews & appeals take place.

This Policy is adopted by AFLQ and applied to the AFL Capricornia Senior Grade Competition only and will be reviewed on an annual basis following discussions, feedback and recommendations internally and from AFL Capricornia Clubs. AFLQ will use its best endeavours to update and finalise the Policy by 31 October each year, as it relates to the following AFL Capricornia Competition Season.

- (b) Such application must be made in writing, via email, to the Competition Manager and must rely on at least one of the following grounds:
 - i. the AFL Capricornia Club has endured significant hardship through forces beyond its control, e.g. is coming out of recess or is a recently merged or restructured entity; or
 - ii. other circumstances or considerations which the AFL Capricornia Club deems relevant.

Note: An application on the basis of either of the above does not guarantee the TTP Cap will be increased. Each application is considered on its own merits.

- (c) With respect to any application made pursuant to [Section 3.2\(a\)](#):
 - i. the TTP Cap cannot be increased by more than five (5) points; and

4. CALCULATING PLAYER POINTS ALLOCATION

4.1 Process

To determine a player's PPA, and in turn, a team's TTP, AFLQ must follow the process as outlined at Appendix One, subject to the rules outlined at [Section 4.2](#).

4.2 Rules

When applying the process noted at [Appendix One](#), AFLQ must apply the following rules:

- (a) With respect to determining a player's Base PPA:
 - i. if a player has previously played in the AFL Capricornia Senior Grade Competition and has not played outside of AFL Capricornia or for any other AFL Capricornia Club since, that player's Base PPA will remain unchanged, with the following exceptions:

- A. a player who has met the criteria for a ‘Base Value Player’ who has had a ‘Hiatus’ (assessed pursuant to [Appendix One](#), Step One);
 - B. a player who has met the criteria for a ‘Home Club Player’ (assessed pursuant to [Appendix One](#), Step One);
 - C. a player who has met the criteria for any Point Deductions or Penalty Points ([Appendix One](#), Steps Two and Three); or
 - D. a player who was assessed at the discretion of AFLQ in the previous AFL Capricornia Season but now meets the criteria for a Category outlined at Step One, [Appendix One](#).
- ii. Excluding players who meet the criteria for the “Home Club Player” Category (Category One), if a player meets the criteria for multiple Categories, that player will be allocated to the Category with the highest points; and
 - iii. In the event a player does not meet the criteria for any Category, the Competition Manager will determine the most reasonable Category for that player, given relevant factors.
- (b) A playing coach or playing assistant coach will have their PPA assessed the same as any other player.
 - (c) Any player playing on a season permit will have their PPA assessed on the same basis as a Transferred player.
 - (d) Once a player’s PPA is applied, it will not be changed during the AFL Capricornia Season, unless amended by AFLQ pursuant to [Section 2.1\(k\)](#).
 - (e) Any player that was registered at an AFL Capricornia Club and played a minimum of five (5) games for that Club within the AFL Capricornia Season before transferring to a Community Competition outside of AFL Capricornia, is able to return to the same AFL Capricornia Club within three (3) years on the same PPA as when they left (excluding ‘Home Club Players’ who are assessed pursuant to [Appendix One](#), Step One).

5. PLAYER POINTS REVIEW

5.1 Application to review PPA

- (a) Within seven (7) days of an AFL Capricornia Club being advised of a player’s PPA, that AFL Capricornia Club may apply for that PPA to be reassessed by the PPRC.
- (b) An AFL Capricornia Club may only make an application pursuant to [Section 5.1\(a\)](#) with respect to its registered players. No AFL Capricornia Club can apply for the review of a Competing Club player’s PPA.
- (c) The application outlined at [Section 5.1\(a\)](#) must be made in writing, via email, to the Competition Manager and must rely on the grounds that the PPA is excessive, when considering the player’s:
 - i. playing history and achievements;
 - ii. age, particularly if the player is looking to play at a higher level;

- iii. injury history;
- iv. living circumstances (for example, they have been required to relocate to another area and therefore change AFL Capricornia Clubs due to living, education or work requirements which would make the commute unreasonable); and/or
- v. other circumstances or considerations.

Note: An application on the basis of any of the above considerations does not guarantee that a player's PPA will be reduced. Each application is considered on its own merits.

- (d) Such application must be supported by:
 - i. detailed written submissions; and
 - ii. any relevant evidence.
- (e) The Competition Manager will endeavour to present the application to the PPRC within seven (7) days of receipt of the application.

5.2 Player Points Review Committee

- (a) By 15 November each year, the Competitions Manager - QLD will appoint a PPRC for the purpose of considering PPA review applications (see [Section 5.1\(a\)](#)).
- (b) The PPRC will consist of no less than three (3) and no greater than five (5) persons, as determined by the Competitions Manager - QLD.
- (c) When the PPRC is presented with a PPA review application, they must make a determination:
 - i. Within ten (10) days from receipt of the application, when such application was made prior to the commencement of the AFL Capricornia Season; or
 - ii. Within seven (7) days from receipt of the application, when such application was made during the AFL Capricornia Season.
- (d) The PPRC may contact any Club that the relevant player was formerly registered with, for the purpose of that Club:
 - i. providing any relevant information;
 - ii. giving context to the submissions provided; and/or
 - iii. verifying information that has been submitted in support of the application.

Note: If a Club is contacted pursuant to [Section 5.2\(d\)](#), only information supported by evidence may be considered by the PPRC.

- (e) Any determination of the PPRC must be communicated to the applicant in writing.

6. APPEALS TO TRIBUNAL

- (a) If an AFL Capricornia Club disputes:
- i. a player's PPA following review by the PPRC;
 - ii. the TTP Cap for their AFL Capricornia Club, following review by the Competition Manager; or
 - iii. any penalty imposed for non-compliance with this Policy;
- they may submit a Notice of Appeal, via email, to the Competitions Manager.
- (b) The process outlined at Section 26 of the National Handbook will be adopted in hearing any such appeal (for clarity, for the purpose of this Policy, s26.1(a) of the National Handbook is to be disregarded).

7. PENALTIES

- (a) Should an AFL Capricornia Club breach:
- i. any provision of this Policy; or
 - ii. make a false or incorrect declaration regarding PPAs or their Team's TTP;
- the AFL Capricornia Club is likely to be sanctioned.
- (b) Sanctions may include, but are not limited to:
- i. the reversal of a match result in which the breach(es) occurred;
 - ii. a fine;
 - iii. loss of premiership points – current & future;
 - iv. suspension from Finals – current & future;
 - v. player/official suspensions – if false information has been knowingly provided; and
 - vi. any other penalty as determined by AFLQ.
- (c) In applying any sanction, AFLQ will take into consideration whether the breach was:
- i. Intentional – where an AFL Capricornia Club has clearly breached this Policy with little or no regard (including ignorance) for its requirements.
 - ii. Unintentional – where an AFL Capricornia Club has breached this Policy without intended malice or has acted on inaccurate but reasonable information.

- iii. Interpretive – where an AFL Capricornia Club has applied this Policy in a manner other than what the Policy was intended.

8. POLICY REVIEW

- (a) AFLQ will undertake a minor review of this Policy annually and any amendments or variations will be communicated no later than the 31st of December of each calendar year.
- (b) Any AFL Capricornia Club which wishes to have an element of this Policy reviewed must make a submission to the Competition Manager in writing, following the end of the AFL Capricornia Season and no later than 31st of October.
- (c) Submissions made must detail the provision(s) the AFL Capricornia Club wishes to have reviewed and a clear explanation supporting why.

Note: Lodgement of a submission does not guarantee AFLQ will conduct a review of this Policy. Each submission will be taken on its own merits.

Step Two – Consider if player is subject to any Penalty Points

Competing Club Penalty

Two (2) Penalty Points will be added to a player's Base PPA, if the player was playing Senior Grade Australian Football within AFL Capricornia and has transferred to another AFL Capricornia Club which finished higher than their former AFL Capricornia Club on the ladder in the previous AFL Capricornia Season.

Note:

- i. A player returning to an AFL Capricornia Club as a Home Club Player will not have this Competing Club Penalty applied.*

Step Three – Consider if a player is entitled to any Point Deductions

A point (unless stated otherwise) will be deducted for each of the following circumstances:

Seasons of Service

Player is entering their third (3rd) AFL Capricornia Season at an AFL Capricornia Club, having played at least five (5) matches at that AFL Capricornia Club in each of the previous AFL Capricornia Seasons. An additional point is to be deducted if entering their fifth (5th) Season at that AFL Capricornia Club, having played at least five (5) matches at that AFL Capricornia Club in each of the previous AFL Capricornia Seasons.

Notes:

- No player's PPA can be reduced below one (1) point.*
- If a player Transfers to another Club (regardless of which Competition the Club competes in), the 'Seasons of Service' will restart.*

Competing Club deduction

If a player was playing within the Senior Grade Competition within AFL Capricornia and has transferred to another AFL Capricornia Club which finished lower on the ladder than their former AFL Capricornia Club within that Senior Grade Competition in the previous AFL Capricornia Season.
