FROM THE

COACHES

As coach of the U17 Downlands Girl's team, I'm incredibly proud to lead this special group into their ninth consecutive grand final. This achievement is a true testament to the strength of the Downlands Australian Rules Program, the effort and commitment of everyone involved, and the ongoing culture of excellence that's been built over many years.

This season has been one of growth and resilience. Our new players have stepped up brilliantly, embracing every challenge and showing real courage and determination. At the same time, our senior players have set the tone with their leadership, guiding the group through trainings and game days with maturity and purpose. The connection and trust between this group of girls is something really special, and it's been a privilege to coach them.

I'd like to take the opportunity to thank AFL Darling Downs for all their work behind the scenes to deliver another fantastic U17s season, and to acknowledge all the other teams who've pushed us every week and contributed to the standard of footy we've seen across the competition.

We can't wait to run out this weekend and give it our all. No matter the result, I know these girls will play with heart, represent Downlands proudly, and leave everything out on the field.

Meg Pullinger

The Goondiwindi Hawks U17 Girls have had an incredible season. Nearly half the team had never played AFL before, yet their growth, both individually and as a unit, has been nothing short of remarkable.

2025 marks the first year that the Goondiwindi Hawks have fielded both a girls' and boys' U17 team, a testament to the strong support for youth sport in the Darling Downs AFL and the club's thriving culture.

The team began training in Term 4 last year, with many new players eager to develop their skills and work together. Their hard work paid off early, opening the season with a strong victory that built their confidence and unity. They backed it up with another win in Round 2, showcasing their growing skills and teamwork. The girls played their final two regular-season games in a home-ground doubleheader in Goondiwindi. They secured one win and one loss, falling to a tough Downlands side, who they will meet again in this weekend's grand final.

Throughout the season, the team has shown incredible dedication, training consistently, traveling most weekends, and giving their all in every game. Their hard work has earned them a well-deserved place in the big dance, and they're ready to give it everything they've got.

FROM THE

COACHES

It's been an amazing season for the U17 Bombers. To have so many young men turning up in the Red and Black each week has been an amazing experience for everyone. The competition has been a great balance of challenging football against great opposition, while still having fun with some mates. We've had players from all experience levels "don the sash", from guys coming to have a go, to guys who have played at high levels for their age.

As a coach I couldn't be more proud of this groups ability to get in and do the hard stuff for the team and to celebrate everyone's contribution to the wins we've had. Regardless of the result on Sunday, these young men can all walk away knowing they've made some new mates, and that they've played some brilliant football. I can't wait to be a part of what will surely be a great game of football on Sunday, but I'm just excited to see what the young men across the competition will be able to achieve in the future.

Alex Kratzmann

What an incredible journey this team has had in our first year competing in the AFLQ Darling Downs U17.5 club competition! As the only school team in the league, with players from Year 7 to Year 12—including many new to Australian Rules Football—our boys have shown outstanding growth in skill, teamwork, and camaraderie. With just one top-age player and a squad representing every Australian mainland state and territory, we've embraced the challenge together, proving that dedication and passion can take you a long way.

The College community couldn't be prouder of this group for earning a Grand Final spot in their debut season. Their hard work, resilience, and commitment to each other have been remarkable. This team plays with heart. It's an honour to represent our school on this stage, and we can't wait to give it our all. Best of luck, boys—let's enjoy the moment and play with pride. Keep your eye on the red and the blue!
