# RISING STAR

MURPHY REID • 2025 TELSTRA AFL RISING STAR

## THE FUTURE OF THE GAME

DRAFTS REFRESH AND REVITALISE AFL PLAYING STOCKS

The Telstra AFL Draft, the Telstra AFL Pre-Season Draft and the Telstra AFL Rookie Draft are integral to the continued development of the AFL competition.

More than 4000 players have been given the opportunity to play with an AFL club since the first Draft in 1986. Some of these have turned out to be among the most influential players of their generation.

In 2016, for example, we saw the names of Hugh McCluggage (Brisbane No. 3), Shai Bolton (Richmond No. 29), Tom Stewart (Geelong No. 40) and Nick Larkey (North Melbourne No. 73) appear on AFL lists for the first time. We only hope that newcomers from the 2024 AFL Draft, including Finn O'Sullivan (North Melbourne No. 2), Luke Trainor (Richmond No. 21) and Jack Whitlock (Port Adelaide No. 33), can reach similar heights over the next few seasons.

All players are to nominate for the Telstra AFL Draft via the AFL website online nomination process and complete the nomination form electronically. Where the nominating players has not attached the age of 18 at the date of submission, this nomination must be submitted by the nomination player's parent or guardian. To nominate go to: **[play.afl/draftnominations](https://play.afl/draftnominations)**.

Please note that all Telstra AFL Draft nominations are valid for only one (1) year. If you have nominated previously you will be required to renominate for the 2025 Drafts.

In this year's Telstra AFL Draft you will again see live trading of selections as well as bidding for Father-Son and Northern and NGA Academy Players during the Telstra AFL Draft.

This booklet is designed to provide general information on the Telstra

AFL Drafts and an overview of the AFL Draft procedure. It is not intended that this booklet should serve as a complete guide to the AFL Player Rules governing the Telstra AFL Drafts.

It also notes the Rookie-listing procedures.

This booklet has been compiled from several AFL player rules. Any further interpretations required should be directed to the AFL.

# TELSTRA AFL DRAFT IN DETAIL

## PLAYERS ELIGIBLE TO BE DRAFTED

**A player who has nominated is eligible to be drafted if he satisfies the following requirements:**

- a. The player must have attained, or will attain the age of 18 years, on or before 31 December 2025;
- b. The player must not be bound to an AFL club;
- c. If invited, the player must attend the AFL Draft Combine or other AFL-approved or organised test or evaluation, unless the General Counsel considers that there is a reasonable explanation for the player's non-attendance; and
- d. The player has:
  - i. been previously registered with the AFL; or
  - ii. been registered continuously from June 1, immediately preceding the AFL Draft Selection Meeting and has played at least one game in the season immediately preceding the AFL Draft Selection Meeting in the State League competition conducted by the WAFC or SANFL; or
  - iii. been registered continuously from or before June 1, immediately preceding the AFL Draft Selection Meeting with any recognised club or school competition in Victoria, Tasmania, New South Wales, the Northern Territory, Queensland or the Australian Capital Territory; or
  - iv. been a bona fide resident for a continuous period of three years preceding the AFL Draft Selection Meeting in a country other than Australia.

## Drafted Player Bound for 35 or 23 Months

Any player chosen by a club at the AFL Draft Selection Meeting, or otherwise included on the Primary List of a club, will be ineligible to be included on the Primary List of any other club for a period of 35 months for draft selections 1 to 20 and 23 months for draft selections 21 onwards from the date upon which he is selected or included on the Primary List. This rule does not apply where the player enters into a Contract of Service with the club for at least one AFL season, is exchanged, or is deleted from a club's Primary List.

## Minimum Contract Term for Certain Players

If a club drafts a player who has not been drafted previously, the club must offer that player a Contract of Service for a minimum of two AFL seasons. However, a player listed for the first time who is over the age of 23 years may be offered a single-year contract.

## Draft Age

The minimum Draft age is 18 years as at 31 December 2025.

## All Primary List Players/Non-Retained Rookie List Players

All primary list and non-retained rookie list players delisted by AFL clubs must complete and lodge a Draft nomination with the AFL to be eligible for the Telstra AFL National Draft.

## Nominated Football Payments

A player (other than a first-year draft choice or a second-year or third-year player) may specify in the nomination form the football payments he will require over two years if selected at a Draft Selection Meeting.

- » By specifying these requirements, the player will be taken to have made an offer to the club which selects him to accept employment in return for the specified payments.
- » The club that selects a player who has specified payment requirements will be deemed to have accepted the offer.
- » Immediately following the Draft Selection Meeting, the player and the club will execute a Contract of Service providing for the specified payments.

## Nomination by Uncontracted Player

A player on the list of an AFL club who is not contracted on or before October 31 for the following year/s will be entitled to nominate for the Telstra AFL National Draft.

## Minimum Payments Apply

Notwithstanding any other provision of these rules, a player who nominates for inclusion in any Draft without specifying the payments he requires, or who nominates payments less than the minimum or fixed football payments which apply to the player in the Collective Bargaining Agreement, will be entitled to payments from the club that selects him in accordance with the Collective Bargaining Agreement.

## Arbitration Process

A player who nominates in accordance with these rules but does not specify the football payments he requires shall be bound by the provisions listed under AFL Rule 21 Arbitration.

## Varying Financial Terms

If a player wishes to vary his nominated financial terms and conditions or withdraw his nomination, he can do so by:

- » Lodging a new nomination and specifying new financial terms and conditions, which will revoke any earlier nomination; or
- » Lodging a written request to the AFL General Counsel.

## Exceptional and Compelling Circumstances

A player selected by a club can apply to the Appeal Board to be released from the club that has selected him on the grounds of exceptional and compelling circumstances which make it harsh and unconscionable for the player to remain bound to that club.

## Academy Players Rule

Eligible clubs must lodge with the AFL a list of draft-eligible Academy Players it wishes to consider for inclusion on its Primary List or Rookie List. At the AFL National Draft meeting, in conjunction with Father-Son bidding nominations, each club may "bid" for the player.

If matched by the Academy Club, the Academy Club will forfeit one or more subsequent selections, to the value of the points required to match the bid. If the Academy Club declines to match the bid, the club with the successful bid uses the selection to secure the player.

Gold Coast SUNS  
Northern Academy  
player Leo Lombard  
was drafted under  
the Academy rules. ▶

### West Australian and South Australian-Based Clubs

Matt Carroll (Carlton) and Isaiah Dudley (Fremantle) were taken in the 2025 Pre-Season Supplemental Period. ▶

Harry Dean, the son of Peter Dean, is a possible father-son selection for Carlton. ▶

# PLAYER AGENTS

## ACCREDITATION IS MANDATORY

It is compulsory for all AFL player agents who represent AFL players to be accredited through the AFL Players' Association accreditation system.

This ensures that all player agents:

- » who negotiate a player's contract with an AFL club are accredited. A player can represent himself or have a parent or legal guardian represent him in all aspects of contract negotiation with an AFL club, however, it is beneficial to utilise an agent whose experience and expertise assists in this process;
  - » sign their clients to a **Standard Player Agent Agreement** (between the agent and player) which ensures consistent management terms and conditions across the industry;
  - » are knowledgeable, competent and operate ethically in the best interests of AFL players; and
  - » are bound by strict rules and regulations monitored by the Agents' Board accordingly.
- » passing the comprehensive agents' exam as part of the new agent accreditation course;
  - » attend the course lectures on topics relevant to player management;
  - » demonstrating a thorough knowledge of AFL Rules and Regulations, the Standard Player Contract, the Collective Bargaining Agreement, Players Code of Conduct, Agents Regulations/Code of Conduct and other relevant regulatory documentation and information;
  - » demonstrate educational qualifications, negotiation skills and prior experience with contracts to an acceptable level;
  - » passing a national criminal history check; **and**
  - » securing professional indemnity insurance annually.
