1.2 Objectives

(A) AFL NSW/ACT believes that ensuring competitions are competitively balanced is critical to safeguarding the ongoing viability and sustainability of competitions and clubs. Even and fair competitions lead to increased interest and provide a better experience for stakeholders, which leads to stronger competitions and clubs.

7. Support the role that volunteers undertake in managing their clubs by:

(A) Any Player who participates in a Competition to which this Policy applies (see Table 1) must be assigned a Player Points Value in accordance with this Policy.

> ***Guidance Note**: While matches played on Permit are taken into account when determining a Player's Player Points Value, they **do not** count towards a Player's Season of Service deduction eligibility.*

(C) The key steps to determining a Player Points Value are:

1. determine the Player Category and associated Base Value (Clause 4.2 and Table 3);

2. determine if any Additions apply (Clause 4.3 and Table 5); and

3. determine if any Deductions apply (Clause 4.3 and Table 5)

(D) The Player Points Value for any Player playing under a Permit in a competition Match to which this policy applies, is to be assessed as if the Player is a Transferred Player.

(E) A playing coach or playing assistant coach is, for the purpose of this Policy, classified as a Player.

4.2 Player Category and Base Value

(A) Except for an Existing Player, a Player Category and Base Value is to be:

2. based on the date the Player most recently Registered at their Current Club.

(B) For an Existing Player:

1. the Player Category (and Base Value) determined under the relevant former Policy continues to apply; and
2. a Club may not request a reassessment of the Player Category already determined under the relevant former Policy.

> ***Guidance Note 1*** *[Example]: If an* ***Existing Player*** *was assessed under a previous PPS Policy as a Senior Community (3 point) Player but would be considered a Premium Competition (4 point) Player under this Policy, the Player will remain categorised as a Senior Community Player with a base value of 3 points. However, If the player transfers to a new club during the period covered by this Policy, their Player Category and Base Value would then be assessed under this Policy.*
>
> ***Guidance Note 2****: Any applicable additions and deductions under Table 5 of this Policy will still apply to an Existing Player.*

(C) Where a Player qualifies in more than one Player Category in Table 3, the Player Category with the highest points will apply, except where a Player is assessed as a Category 1 Player.

(D) Where a Player does not meet any of the Player Categories in Table 3, the League will make a determination on the appropriate Player Points Value.

(E) In determining a Player's Category under Clause 4.2(D), the League will have regard to all relevant factors so as not to unreasonably restrict the Player's movement.
