CHAIRMANS REPORT
MIICHAEL IRONS

Welcome to the Farrer Football & Netball League Grand Final day as we celebrate another fantastic season of football and netball across our region.

On behalf of AFL Riverina, I would like to congratulate all the teams who participated in the 2026 finals series and acknowledge today's grand finalists for their efforts in reaching the biggest day of the year. Each club, player, coach, volunteer and supporter has played a part in what has been a memorable season of football and netball. It has been especially pleasing to see all nine clubs represented throughout the finals series, and today we have eight clubs taking part in Grand Final day – a strong sign of the depth and balance within our competition.

A highlight of our year was once again the Gerald Clear and Marilyn Brooks Medal night, which celebrated the outstanding performances of players across our senior competitions. Congratulations to Riley Irvin of Barellan, who prevailed in a closely contested count to claim his first Gerald Clear Medal, and to Abbey Reinhold of Temora, a deserving winner of the Marilyn Brooks Medal for A Grade netball. Both are outstanding role models and thoroughly deserving recipients of these prestigious awards. Congratulations also to all other award recipients across the grades – your efforts and achievements reflect the talent and commitment within our league.

Today's Farrer Grand Finals promise to deliver some outstanding contests. In senior football, East Wagga–Kooringal has been the standout team throughout the season and will be determined to go one better after last year's Grand Final defeat. Standing in their way is Marrar, who have consistently proven the doubters wrong throughout the year and will no doubt be looking to do so once again on the biggest stage.

In A Grade netball, defending premiers Marrar face 2024 premiers Temora in what shapes as another highly competitive encounter. Both clubs have been consistent performers in recent seasons and have earned their opportunity to once again compete for the premiership.

Across all grades, today's match-ups showcase the quality, competitiveness and spirit that continue to make the Farrer Football & Netball League so strong.

Of course, none of this would be possible without the support of our partners. I extend our thanks to our premier partner, Riverina Fresh, whose commitment to regional sport is unwavering. We also acknowledge the Rules Club, VISY Logistics, GTES Employment Services, McDonalds, and our media partner The Daily Advertiser for their ongoing contribution to football and netball in our communities.

A big thank you also goes to our umpires, both football and netball, league appointed and club volunteers, who often take on one of the toughest jobs in sport. Your efforts are greatly appreciated.

To the AFL Riverina Board, Competition Committee members, and the AFL (NSW/ACT) staff, thank you for your dedication and support throughout the year, especially during finals.

Finally, I want to recognise and thank the countless club executives and volunteers whose tireless contributions are the heartbeat of our game. Our clubs are more than sporting organisations – they are central to the strength and spirit of our communities.

To all players competing today – well done on your season so far and best of luck in your pursuit of premiership success.

GRAND FINAL DAY PREVIEW

JIMMY MEIKLEJOHN

After two vastly different journeys, East Wagga-Kooringal and Marrar will meet in the Farrer League grand final.

For the Hawks, they've had the easiest run possible into the grand final, having defeated Charles Sturt University by 40 points in the second qualifying final. However, the Bombers have done it the hard way, having progressed all the way from the elimination final after finishing fifth on the ladder at the end of the home and away season.

After first defeating The Rock-Yerong Creek by 33 points, the Bombers have since notched up wins against Temora (44 points) and CSU (seven points) to secure their spot in the grand final opposite the Hawks.

EWK has been far too good for the Bombers in both of their prior meetings this season, winning both games by a combined 147 points.

In round six at Langtry Oval, an 11-goal haul from Jarrod Turner guided the Hawks to a 61-point victory.

Then, in round 15 at Gumly Oval, a superb 12-goal opening half helped guide EWK to a comfortable 86-point win.

In terms of players to watch, EWK midfielder Rhys Pollock tops the list for the Hawks, having had a superb first season which saw him crowned the Farrer League Player of the Year.

Anthony Lo Pilato, coach Jake Barrett, Ryan Bourne, Alex Page, Jarrod Turner, Andrew Swan, and Mason Dryburgh are also expected to play prominent roles for the Hawks.

From a Marrar perspective, young defender Caleb Walker is built for the big stage, and he's been building nicely since his return at the beginning of the finals series. Macauley Armstrong and Matt Rynehart will also cause plenty of headaches for EWK, with the duo set to thrive with their pace on the bigger ground at Robertson Oval.

While the Hawks have comfortably swept both games so far this season against Marrar, last year proved that anything can happen in the biggest game of the year.

There have already been a few surprising results so far in this finals series, so although EWK probably go in as heavy favourites, I wouldn't completely be writing off the young Bombers from claiming an upset grand final victory.

COACHES AND PRESIDENTS REPORT

COACHES REPORT

To our members, supporters, and the wider club community. As we prepare to take the field in this weekend's Grand Final, I wanted to take a moment to reflect on what has been an incredible journey this season.

From the first session of pre-season training through to now, this group has shown nothing but commitment, resilience, and a determination to improve on last year's efforts. We've faced our fair share of challenges, particularly with injuries throughout the season, but every time we were tested, this group responded with maturity, character, and determination.

One of the most pleasing aspects of this season has been seeing the depth and unity within our team. We've proven time and time again that we don't rely on a handful of individuals. Instead, we've succeeded because every player has been willing to step up when called upon and put the team first. That has been one of the biggest differences between this year and last.

What has stood out most is our growth, not just as footballers, but as a team. We've worked hard to build a culture that values effort over ego and team success over individual recognition. That culture has been reflected in our performances, our consistency, and the belief we've developed in one another.

To our leaders, both on and off the field, thank you for setting the standard all year. To our younger players, thank you for embracing that standard and rising to the challenge. And to our support staff, volunteers, sponsors, members, and supporters, thank you for everything you do behind the scenes and around the ground. Your commitment has played a huge role in getting us to this point.

The job isn't finished yet. One more challenge. One more opportunity.

Grand Finals aren't given, they're earned. We've earned the right to be here, but we know what's required to finish the job. This time, we'll take the field with a different mindset, embracing the moment and backing everything we've built throughout the season.

This weekend, we play not just for ourselves, but for everyone who has been part of this journey.

Let's finish it the same way we started it: together.

See you at the Robbo.

Jake Barrett

PRESIDENTS REPORT

What an incredible achievement for our First Grade side to earn their place in this year's Grand Final.

On behalf of the club, I want to congratulate the players, coaches and support staff on a fantastic season. Your hard work, commitment and dedication have put you in this position, and the entire Hawks community is incredibly proud of you.

A huge thank you must also go to all our volunteers. Whether you've helped in the canteen, on the gate, around the grounds, with teams, events, fundraising or behind the scenes, our club simply wouldn't operate without you.

To our members, sponsors and supporters, thank you for continuing to get behind the Hawks each week. Your support means more than you know.

To our First Grade boys – enjoy the moment, play for each other and leave everything out there, you've done the brown and gold proud.

Go Hawks! 🤎💛🦅

COACHES REPORT

Firstly, I am incredibly grateful for the opportunity to coach this great club and to be part of a pretty special playing group. Regardless of the result this weekend, I am so bloody proud of what these players have achieved and the way they have conducted themselves throughout the season.

What this group has achieved so far is a testament to what can happen when you play for each other, trust the structures and the process, work for one another and, most importantly, believe in each other. To see the way they have grown and built such great connection as a group has been incredibly rewarding, and I couldn't be prouder of them.

Congratulations to our A Grade Netballers on making their Grand Final, a fantastic achievement and one that reflects the strength of the Marrar Football Netball Club.

To our supporters, volunteers, families and the wider Marrar community, thank you for your support throughout the season. We wouldn't be where we are without you!

PRESIDENTS REPORT

Congratulations on making the Grand Final!

To be picked as a team expected to finish second last, and to now find yourselves playing in a Grand Final, is an outstanding achievement. It's a true reflection of the hard work, determination and belief this group has shown throughout the season.

The team-first mentality is what has got the boys to where they are today, and they thoroughly deserve this opportunity.

As a committee, we couldn't be prouder of Zac and his team and everything they have achieved.

Now go out there, enjoy the moment and do the Bombers proud!

Go Bombers!

Team Manager
Scott Sanbrook

1. Tristan Hare - Pressure forward who has found form at the right time of the year after escaping from the backline. Hopefully won't be jumping any fences pre-game.

6. Cane Graetz - Veteran defender who just keeps getting better every year. Gets a key role every week and is rarely beaten. Recently celebrated his 40th birthday.

8. Ben Rickard - Smooth moving athletic mid/forward with freakish skills who has been one of the recruits of the year. Spends more time in Wagga than Canberra and is soon to be the best dancer in the Riverina.

9. Fletcher Jenkins - Stalwart of the club, you'll hear him before you see him. Has somehow found his way out of the backline in the second half of the season and cemented a spot on the wing. Is due to kick a goal on grand final day (so he tells us.)

13. Caleb Walker - Gun of the competition who has recently returned from a European training camp in peak health and fitness. Will intercept all day and provide plenty of run from the backline. A premiership medal will see him move up the rankings in Mick and Sharee's favourite child (currently 4th).

17. Coby Ross - Speedy defender with elite skills who'll set the team up all day with his run and carry. Will need to be switched on all day to make sure Fletch doesn't try to take any kick-ins.

19. Jed Jenkins - Courageous captain looking to become a 4-time premiership player. Will provide plenty of grunt in the midfield and do whatever is required to lift his team. Looking more like Paul every day.

21. James Scott - Reliable team first defender who puts his body on the line for the boys every week. Brings plenty of size, aggression and ink to the side. His 100th recovery of the week should have him in tip top condition.

25. Lachlan Armstrong - Rod is a talented new recruit who provides plenty of spark on the wing and up forward. Loves getting in a tussle more than Ants loves Al. Will attempt to take mark of the century at some stage today.

26. Ky Bloomfield - Speedy winger enjoying a fine first season in the red and black. Will be covering the ground a lot quicker than the donkeys he drives/crashes on a Tuesday and Friday night.

27. Macauley Armstrong - Originally recruited to get Bridie back to the club, Nugget has since become one of the premier midfielders of the competition. Elite ball user who seems to find more time and space than anyone on the ground.

28. Jakob Taylor - An electric small forward who'll pressure the opposition all day and kick goals from anywhere. He might be small in stature, but he'll be one of the toughest on the field. Babysits Trit on the worksite and footy field.

33. Joey Butt - Tough in and under midfielder who has stepped up in the absence of his partner in crime late in the season. Loves laying a big tackle just as much as he loves the Tillys dance floor. Most likely to rock up at quarter time.

34. Matt Rynehart - Young gun who has enjoyed a breakout season up forward. Will be the quickest player on the ground and safer in the air than he is on the road, just ask Bourkey. Would love nothing more than kicking a bag on grand final day.

36. James Guthrie - Jimmy Nug is a talented club junior who has made the half forward role his own over the past 2 seasons. Clean below his knees and silky skills, he's come a long way from the kid who'd sleep through his alarm and miss the first 3 quarters of the game.

41. Rhys Langtry - Marrar's best farmer has taken his spot in first grade with both hands and hasn't looked back since. Utility who is just at home up forward as he is down back. Claims our home ground is named after him.

49. Cameron Walshe - Buckets has developed some anger management issues in recent weeks which has seen him take his game to another level. Former under 18s premiership captain who will ruck all day if required.

71. Zachery Brain - Coach Brainy has enjoyed another outstanding season and will do whatever it takes to get the job done on grand final day. As courageous as they come, he'd enjoy becoming a premiership coach more than he enjoys putting a torp out on the full. "If it's up to me, it's…up to me!"

77. Jacob Knight - Gun mid-season recruit who has made a huge impact on the competition since his arrival. Can kick goals from anywhere, take a high-flying mark and miraculously recover from a hamstring injury when an open goal is on offer. Will be driving the party bus all weekend.

80. Joshua Staines - Crafty forward who loves nothing more than a kicking a goal followed by a big celebration. Fancies himself as a bit of a brawler and is onto his 5th guernsey this year as a result.

81. Keltonn Lawler - The youngest player in the side and by far the most annoying. Kelt has improved out of sight this season and will get the job on the oppositions best small forward.

COACHES AND PRESIDENTS REPORT

COACHES REPORT

What a season it has been for our Marrar A Grade side. It certainly hasn't all been smooth sailing, with plenty of ups and downs throughout the year. After a strong start, we dropped off during the second half of the season and probably came into finals a little underestimated. However, this group has continued to work hard, stick together and find form when it matters most, earning ourselves another opportunity on Grand Final day.

Our side has remained quite similar to last year, with a number of girls stepping up from A Reserve to fill important roles from last season. Every player has contributed in their own way, and we are extremely proud of how the group has come together. We have put in plenty of work to get here and feel like we are at our fittest and most prepared heading into the weekend.

We come up against a strong Temora Kangaroos side, with our three meetings this season showing just how unpredictable this Grand Final could be. A one-goal win, a 17-goal loss and a 16-goal win means we know anything can happen on the day. We have plenty of respect for Temora and know we will need to bring our best netball from the first whistle to the last.

This Grand Final is made even more special with our First Grade footballers also earning their place on the big stage. With many of our girls having partners, family members and close friends in the football side, it will be a special day for the whole club. The last time Marrar had both A Grade netball and First Grade football competing on Grand Final day was back in 2010.

After last year's success, we are incredibly grateful and excited to have the opportunity to go back-to-back. We know how special these opportunities are and cannot wait to take the court together one more time, give everything we have and hopefully bring another premiership home to Marrar.

Do the Bombers proud, girls!

What a season 2026 has been for our A Grade side!

From the beginning, this group has shown a willingness to work hard, learn and play for one another. There have been plenty of highs and a few challenges along the way, but through it all the girls have continued to grow and show plenty of determination.

As coaches, we couldn't be prouder of how far this team has come. Every player has contributed in their own way, and watching the confidence, connection and belief within the group build throughout the season has been incredibly rewarding.

To now find ourselves preparing for a grand final is an amazing reward for all the hard work that has gone in throughout the season. We know there is still one big job ahead of us, and we couldn't be more excited to take it on together.

No matter the result, we are incredibly proud of this group and everything we have achieved together.
